

Lotta Wahldén, DVM

AniCura Regional Animal Hospital Bagarmossen, Bagarmossen, Sweden

Lotta Wahldén received her DVM from SLU in Sweden 2013, and began working at AniCura Regiondjursjukhuset Bagarmossen, the sole provider of 24/7 emergency service in the Stockholm county. Since 2016 she has focused entirely on emergency and critical care. During that time she has qualified as a Swedish specialist in disease in dogs and cats, completed a Certificate in Advanced Veterinary practice in Emergency and Critical Care, become a RECOVER initiative Instructor and have completed an ECC specialised internship at Dick White Referrals in the UK. She will be starting an ECC residency this summer, alternating her time between Stockholm and the UK.
